

TESLA EliteCook K50

Easy and fast cooking

- ✓ healthy, safe and fast cooking
- ✓ control buttons on the front panel in Russian
- ✓ 7in1: pressure cooker, slow cooker, rice cooker, food warmer, frying pan, steamer, stew pot
- ✓ brand TESLA quality at an attractive price

With the multifunctional electric pressure cooker TESLA EliteCook K50 you can cook, bake, steam, fry, slowly cook your favorite dishes such as classic chicken broth, goulash, roast beef, pasta, cabbage, perkelt, potatoes, rice, beans, chicken, chili, various types of meat and more – similar to a classic pressure cooker. The microprocessor constantly senses the temperature inside the pot, ensuring the exact required pressure for cooking. It is equipped with a number of safety features, including a lid locking system, which allows pressure to be generated only when the pot lid is securely closed and does not allow the lid to open until the pressure inside the pot is safely reduced.

Dimensions

height, width, length: 320 x 290 x 320 mm, weight: 4,95 kg
