

TESLA MediaBox XA400 Android TV

UHD Multimedia player

- ✓ Chromecast built-in
- ✓ Certified Android TV™
- ✓ Ultra HD 4K player – 2 GB RAM + 8 GB internal memory
- ✓ voice search
- ✓ HDMI 2.1
- ✓ DualBand Wi-Fi

The powerful TESLA MediaBox XA400 multimedia center with the popular certified Android TV operating system™ draws you into an endless world of entertainment thanks to a plethora of applications from Google Play. Certification from Google ensures seamless operation and application updates. This gives you easy access to over 400,000 movies and TV shows from a variety of streaming services, including the popular Netflix and Skylink LIVE TV.

Need to see exactly what's on your phone and your TV? With the Google Home app, that's no problem! It locates your Android TV device on your local network, and you can mirror content to the big screen from any phone or tablet. Anything you can think of – apps, games, or just whatever you want to read the news on your phone's small screen.
